

Bungalow: content warning

Bungalow will contain:

- References to and moderate depictions of abuse, including depictions of and references to physical and emotional abuse, and references to sexual abuse. Please be aware that some of the situations described in the play will involve sexual, physical and emotional abuse of children. These will not be acted out or represented on stage.
- References to suicide and depiction of attempted suicide.
- Expression of racist and sexist views.
- Moderate depictions of sex including foreplay and masturbation.

Bungalow is still in development and we expect to have more detail about the production's content nearer the time. A resource will be available in August offering more information about the issues raised in the production and how they will be explored, and signposting potential audience members to places where they can find support.
